

# COMFORTEX | *Recent Introductions*

## Soft Tones Sheer Shadings

- The shade's 5 ½" vane provides privacy, softens sunlight and provides a clear view with its sheer and opaque fabric combination.
- Available with Cord Loop on the Designer Cassette, Motorization or the Cordless PowerTouch™ operating systems.
- No cords or tapes; shades roll up into the headrail.

## Elevance Integrated Liner Roman Shades

- Safety meets style in this revolutionary new flat panel Roman featuring a privacy liner and absolutely no cords on the back of the shade.
- Choose from three unique lighting options: Light Filtering, Room Darkening or Blackout.
- Standard fabric-wrapped headrail, available with three operating systems: cordless, motorized or single cord and inviting colors.

## NEW Fabric Wrapped & Smooth Faced Designer Cassette

- Conceals hardware and blends seamlessly with roller shade.
- Choose from white, oil-rubbed bronze or black to complement your fabric.

# DESIGN DETAILS & SHOWROOM NEWS

## *Branched from Hartmann&Forbes*

This distinctive, bespoke woodblind finish from Hartmann&Forbes, renowned makers of handcrafted window coverings, was inspired by the intricate patterns tree branches naturally create against the backdrop of the sky. The Branched Woodblind Collection offers a fresh take on the traditional woodblind and is available in five nature-inspired colors.
