

HARTMANN&FORBES

Natural Fabrics

Hartmann&Forbes offers a distinctive collection of natural fabrics made using plant and animal fibers that are carefully collected, spun, dyed and hand-tailored into couture quality shades and draperies.

Woven-to-Size Papyrusweave Collection

With five hand-loomed designs in 22 colorways, each is crafted to your specifications, woven by artisans to your exact windowcovering dimensions (roman shade, roller shade or drapery) in widths up to 120 inches.

Natural Wallcoverings

Three new natural wallcovering designs inspired by melodic landscapes (Island Coast, Peninsula and Big Sky) are made from pulp fiber or cultivated grasses which are hand knotted and woven into intricate dimensional patterns.

It's All in the Details

Velvet borders featuring classic, geometric motifs from Cowtan & Tout, Samuel & Sons Passementerie and Travers have been met with rave reviews. Contact a fabric sales associate to request samples of the trimmings seen here.

Introducing THE COLOR LUX DESIGNER COLLECTION

Thanks to the new Color Lux Designer Collection from Comfortex, you will no longer need to compromise on color for your windows. Whether you are coordinating window shades with paint, wallpaper or any other home décor item, you now can easily find the right color to express your style.

Colors of the **Linen Weave Cellular Shades** are organized in easy-to-use decks that fit easily into a handbag or briefcase; no bulky sampling necessary.

Each color in the deck has been matched to color samples for consistency. Simply select your color and Comfortex will create a sample of your Linen Weave Cellular Shade with examples of both light filtering and room darkening cells.

TAKE NOTE

CHANGES TO THE THE KIRSCH TRUST PROGRAM

Effective October 1, 2015,
the Kirsch Trust program was
replaced by a Limited Lifetime
Warranty program. To better
understand the changes,
